

## PROLIFE FACTS

With the high rates of abortion, family violence, suicide, and depression in New Zealand, many people are calling for simple reasons to celebrate life. In response, a March for Life is being held to say to New Zealand and the world, that "Life is cool, Babies are cool, and Families are cool!"

Around the world advocates for life, young and old, want it heard that Life is Sacred! For the Cause of Life 400,000 marched in Washington earlier this year, thousands have rallied in Dublin, Paris, Brussels, Berlin.... now a March for Life is going to take place in Auckland. This will not be a protest, rather a positive march to celebrate Life and Family.

The March begins 12pm on Saturday October 8 in Auckland City, Alten Rd Park (corner of Symonds St and Waterloo Quad – Port Off-Ramp from SH1/SH16). This March is a family event and is a celebration of *all* human life! The March will take 20 minutes, with speakers, entertainment, fruit and lollies for the kids. Come and join us!
